

Going for Gold with the Elite™ Aesthetic Workstation -- Includes Live Demonstration - Held by Cynosure Inc.

*Jason McBean, M.D.*

The Elite™ Aesthetic Workstation by Cynosure is a highly versatile laser system that allows you to perform multiple applications quickly and efficiently for clients of any skin type, resulting in increased client throughput and optimized revenue opportunities. Dr. Jason McBean, board certified dermatologist, will discuss the Elite's revolutionary technology, its benefits, and how to market laser hair removal procedures to help grow your business. See a live demonstration also.
